Product Designer with 8+ years experience designing data-intensive enterprise web applications. Skilled in cross-platform web & mobile interfaces, design systems, and AI/ML-integrated workflows. Proven track record of improving usability and driving adoption through user research and rapid prototyping.

WORK EXPERIENCE

Product Designer, Apple

January 2022 – Present (3 years) | Austin, TX

- Designed and launched a multi-user web application for **fraud detection and AI/machine model learning improvement**, saving **\$4.4M+** in the first year; scaled to 150+ active users across 6+ product lines through **iterative prototyping and data-driven design**.
- Redesigned a complex **manufacturing UI used by 42k+ global users**, applying **user research, usability testing, and information architecture** to improve accessibility, consistency, and efficiency.
- Led the end-to-end UX design of a brand page for 150+ team members, leveraging **component systems and content-driven design** to improve visibility and awareness of products across 14+ Apple teams.

User Experience Designer, SolarWinds

August 2017 – December 2021 (5 years) | Austin, TX

- Designed and shipped an **enterprise-level logging product**; delivered 14+ features and a **major UI redesign** for data-intensive workflows.
- Conducted **usability testing and A/B testing** to gather insights for product strategy; collaborated with product managers, engineers, and researchers to translate technical requirements into intuitive experiences using **agile and cross-functional communication**.

SKILLS

Design: User Experience (UX), Product Design, Interaction Design, Wireframing, Prototyping, User Research, User Testing, Data Visualization, Design Systems

Tools & Software: Sketch, Figma, Adobe Creative Suite (Photoshop, Illustrator), Framer, Miro, Adobe Analytics

Technical: HTML/CSS, Python, SQL, Vibecoding, Design-to-Code Collaboration

EDUCATION

The University of Texas at Austin

May 2013 – May 2017

Management Information Systems, B.B.A.

Minor in Computer Science
