WORK EXPERIENCE

Product Designer, Apple

January 2022 – October 2025 (3 years) | Austin, TX

- Led the end-to-end design of an **AI/ML-driven fraud detection web application**, defining MVP scope and iterating with engineers, data scientists, and product managers. Adopted by **150+ users** across **6+ product lines**, saving **\$4.4M+** in the first year.
- **Redesigned a global manufacturing UI** for 42k+ users, applying **quantitative and qualitative user research** to improve workflow efficiency, accessibility, and localization.
- Shipped an internal brand hub used by **150+ team members** across web and mobile platforms, improving product visibility and engagement across 14+ Apple teams.

User Experience Designer, SolarWinds

August 2017 – December 2021 (5 years) | Austin, TX

- Designed and shipped an **enterprise-level SaaS logging and monitoring product**; delivered 14+ features and a major UI redesign.
- Built the company's **first design system**, collaborating with engineering to create **reusable components** and ensuring scalability, consistency, and accessibility across multiple products.
- Conducted **user interviews** and **usability testing**, synthesizing insights to make data-driven design improvements.
